

Collection Designed for Today's Neighbourhoods

Using specialized collection vehicles and wheeled, lidded carts, automated service helps improve the overall collection experience across your community.

What You'll Notice on Collection Day

- Quieter, safer collection
- Easy to use wheeled carts
- Attached lids help keep pests out and reduce litter
- Larger carts provide more room for recycling

Simple Tips for Successful Waste & Recycling Collection

1. Getting Your Materials Ready

Use the containers that work best for your household to separate materials before taking them outside.

Helpful reminder: Please place recyclables loose in your container. Do not bag your recyclables.

2. Place Materials in the Correct Cart

When you're ready, bring materials from inside your home to the appropriate outdoor cart.

Waste: Place items in the green cart

Recycling: Place accepted recyclables directly into the blue cart. Do not bag your recyclables.

Helpful reminder: All items should fit fully inside the cart so the lid can close completely.

3. Set Carts Out for Collection

On collection day, wheel your carts to the curb by your scheduled pickup time.

Helpful reminder: Leave space around carts so they can be safely serviced, and remove them from the curb after collection.

Curbside Cart Service

Waste Service

Please bag your waste and tie the bags tightly before placing them inside your cart.

Recycling Service

Please place recyclables directly into your cart. Make sure plastics and packaging, metal and aluminum, clear and coloured glass and paper and fibre are empty and free from food residue. Please flatten cardboard and paperboard. A list of acceptable items are listed opposite page.

Helpful Tips for Automated Service

- Place your carts at the end of your laneway at least three (3) feet apart and three (3) feet away from any obstacles. Place the wheels of the cart toward your house.

- Do not obstruct the collection of the cart by parking vehicles in the vicinity or cul-de-sac. Keep the area clear for easy access by collection trucks.
- Do not overfill the carts. The lid must be securely closed. Trucks will not service additional items outside the cart.

Cart Set Out

Have your carts at the curb the night before or no later than 7:00 a.m. on your collection day.

Important Cart Information

You are responsible for cart placement and retrieval. All carts will have a RFID code attached to each address. Carts remain WM property. Please do not take with you if you move.
